### ABOUT ME

I was born in Sivas in 2002. I completed my primary and secondary education there. I graduated from Recep Tayyip Erdoğan University in 2025. In my free time, I solve algorithm problems on websites like LeetCode and HackerRank to improve my skills. I enjoy swimming, playing table tennis, and hiking in nature.

### SKILLS

- Project management
- Team Player
- Analytical Thinking
- Enthusiastic to Work

### WORK EXPERIENCE

#### QUALITY ASSURANCE TESTER

JIB GAMES - 2022-2023

I worked as a Freelance QA Tester for 3 months. I wrote test scenarios and implemented and reported the test scenarios sent to me.

#### TEKNOFEST COMPETITOR

TEKNOFEST - 2022

Together with my teammates, I competed in the Smart Transportation category of the TEKNOFEST competition with our "Driver Control System" project. I took part in the image processing department of this project. We advanced to the final stage.

#### CO-FOUNDER

KamiX - 2022

We are working on our "Operational UAV" project with my teammates. I am working in the autonomous part of this project.

#### INTERN

TÜRASAŞ - 2024

I completed my 30-day mandatory summer internship at TÜRASAŞ. I focused on computer networks and arduino.

#### TÜBİTAK-1001 SCHOLAR

TÜBİTAK - 2025

I worked on data collection and web development for an AI-powered project aimed at the early detection of preeclampsia.

#### INTERN

Cerebrum Tech- 2025

I completed my 30-day mandatory summer internship at Cerebrum Tech. I focused on mobile application development.
